

Atomic Bitchwax, Solid

no time is like this time should we make a call tonight
could you do me a solid, will you nollie said he'd be here
said he'd be here, nollie's coming could you do me a solid
will you and so we set on multiple fire we should stop cause
I'm not getting higher
going in again
I can't cover it
get in your car 25 minutes
could you do me a solid, will you nollie said he'd be here
said he'd be here, nollie's coming could you do me a solid
will you and so we set on multiple fire I'm just shocked
cause we're not getting higher
hey kid, hey kid what's happening what's going on tonight
could you dome a solid, will you, no, I won't look into the sun again
well I detect a blue pathfinder eject the core and lighten up the
payload. time's up and now you got to go
I hope you get home safe in the taurus.
