

# Atomic Kitten, No One Loves You

You and I would've shared love so strong and so secure  
But all you left the memories the feelings are no more  
Like flowers in the big field  
All died and blown away  
The letters and the pictures  
Are all that will remain

But every moment of every day  
I wanna see you, I wanna say

No one loves you like I love you  
No one needs you the way I do  
No one knows you like I know you  
No one kisses you the way I do

So many years of memories  
Suppressed beyond recall  
The feelings was unbroken?  
And so small
