

Atomic Kitten, Turn Me On

If you like to see me
Coz you want to thats OK
Coz i can make ya feel
Youre gonna need to everyday

Youre the one i need the most
Shout it out from coast to coast
I will never be the same
Again and again and again

You just turn me on, on and on and on
You just turn me on, on and on and on
On and on.

Bet you think that i just
Couldn't wait to be with you
Must 'a' been our destiny
That you would want me to

Youre the one who's right for me
I'm the only one you need
Baby when you call my name
Again and again and again

You just turn me on, on and on and on
You just turn me on, on and on and on

On and on.
On and on, turn me on
On and on, turn me on (repeat twice)

You just turn me on, on and on and on
You just turn me on, on and on and on

Repeat to fade!
