Suspended from something strong  
Now leap to your death

No you couldn't follow through  
Hesitation wounds  
Your neck bears the scars of failure  
Hesitation wounds  
Although you've no will to live  
Hesitation wounds  
No you couldn't follow through

You just couldn't follow through  
You've not got the will to commit  
Plunge deep into the unknown  
What lays beyond the mortal realm  
What dwells beyond your final breath  
What lies beyond life as you know it?  
Death!

You've no reason to live no purpose to serve  
Go forth and discover what shall unfold  
What lays beyond the mortal realm?  
The unknown

Do it!  
Kill yourself  
Commit thy will

Plan D: Switch on gas, go to sleep  
Plan E: Down pills straight out of the bottle

Hesitation wounds  
No you couldn't follow through

Plan F: Get in car, run a hose  
Hit ignition, breathe in deep  
Let the toxins engulf you

Hesitation wounds  
No you couldn't follow through  
Hesitation wounds  
You panicked and sent an alarm  
Hesitation wounds  
Although you've no will no live  
Hesitation wounds  
You're too weak to follow through  
Plunge deep into the unknown
