

Atomship, Aliens

I am the alien.
Sitting on my front porch step.
Whittling without a care.
Sitting in this rocking chair.

I am the alien!

We are the aliens.
Standing here with our hands down.
Whittling without a care.
Sitting by this rocking chair.

We are the aliens!

Sitting and waiting and waiting and watching and watching and waiting cause I am the alien.
Wishing and hoping and hoping and praying and praying and hoping that we are the aliens.
Hold me down to the floor.
Chains and whips you wish for more.
Hold me down to the floor.
Cause we are the aliens!
