So here we are again The same fork in the road I hate you. You love me This story's getting old The day that I opened up You shut me out for good Forgive, forget, fuck you You are a liar and a whore [Chorus:] So take what you want and leave You'll never get another part of I remember the day that I thought I would be free I poured out my soul to you Exposed everything I take it out, My heart's broke My hand is much the same I did my best to drink you away [Chorus] You are poison on man's lips Lured in by the curves of your hips Come here boy, stand by me Look my way, have another drink I should have got up... I should have got up and left you And I will never ever be your lover again As far as I'm concerned, we are not even friends This may not seem to subtle to you The point I'm trying to make is we are completely through [Chorus] [Solo] You are poison on man's lips Lured in by the curves of your hips Come here boy, stand by me

Look my way, have another drink
