

# Atreyu, Your Private War

From My Own Eye I Have Been Burning Down Bridges  
My Only Problem Was Forcing I Was Stabbed And Carved Out  
I Never Looked Down And Now I Lay Deep In Your Bullshit  
If Your Ready For A Battle Then Im Ready For A War  
So We Can Dance To See What Lies  
How easily we are deceived,  
how easily we will believe

Oh No Im Out Of Ammo  
Your Bullet Buried In My Head  
For Everyday Is Another Slug  
I Will Pour Them Out Of My Chest x2

Chorus  
So Raise Your Voices  
And Hold Your Hopes Up High  
Tell Your Stories Run Your Mouth And Tell Your Lies

After All This Time Dont Wash My Blood Off Of Your Hands  
Any Crack Can See You So The Out Sucking Mixing In  
What Does It Make You The Fucking  
Just To Fucked Up To Pull Yourself Up  
Are Those Your Always Pulling Down

Chorus x2

Youve Cursed My Name Burned Down My House  
As I Let My Soul You Gas Your Town  
And I Can Live Without

Your Passing Judgement The Sun Eclipses  
The Feeling Is Though I Can Not See Youve Had Your Chances x2

Chorus x2

Close My Eyes Curse My Name x2  
Fuck!
