

# Atrocity, Unspoken Names

I see the horror day by day  
Only the sight shudders me  
World fail me, confuse me  
In there any explanation ?

I shall not find  
One name or kind  
What's behind

Forbidden thoughts  
Keep me silent  
Opress me

Every hour- every minute, every second

Conscience pangs  
Heart beats  
Mind rotates- endlessly

I feel the shock in my face  
How worse is the human race ?  
Words fail me, confuse me  
Is there any explanation

Uncertainty  
Spreads abroad  
Makes me sick

Hidden truth  
Face of death  
Morbid conflict

Unintentional  
Awful fate  
Mental terror

Impose silence  
Forced to be  
Under control- by myself

War inside my head  
Forbidden what should be sayed  
Unspoken names

Twisted and obscure  
Nothing less than more  
Unspoken names

&quot;No solution  
Only thinking  
Is not changing  
Anything&quot;

War of letters  
Ends in madness  
Call me coward  
I'm a liar !

War inside my head  
Forbidden what should be sayed
