

Audio Adrenaline, Dirty

Tired of being clean sick of being proper
wanna live among the beggars, dig out in the dust
step outside the walls, we build to protect us
don't be afraid to get some mud on your face

bridge

come on come on everybody
come on come on and serve someone

Chorus

Lets get dirty, lets get used,
no matter where you come from,
if you're beaten up or bruised
lets get foolish, lets get free
free to be the one that, you where meant to be
lets get dirty

you might get a bruise, or some blisters on your fingers
you might stop to question and wonder what its worth
you might slip and fall from the burdens that you carry
but you can't hide this treasure, till you dig it from the dirt

bridge

Chorus

bridge 2x

Chorus
