

Audio Adrenaline, People Like Me

Verse 1:

I could tell you a story of shame
I could talk for hours on how we became
A flower that bloomed in one day
The next day our glory faded away
Divided by hostilities
Hung up on issues, we disagree
A body that's been torn apart
We're still a body with a healthy heart

Chorus:

People like me, persons like you
We want to be, closer to God
Closer to free
All you people like me

Verse 2:

What do you think when you see
continuous losers the people like me
I hope you never believe
just for a moment you're better than me
The truth is that we are the same
All different people but only one name
I hope that you will agree
that all of you are people like me

Bridge:

I can't stand by myself anymore.
I forgot what we're fighting for.
Please come take my hand
we can make our stand
feels so good to be,
be so free.
