

# Audio Adrenaline, What You Need

You don't need to have it all  
You don't even need a lot  
You don't need to be a doctor  
A judge or astronaut  
You don't need to be a hero  
You don't need a lot of cash  
You don't need a fancy car  
You don't need to be a smash  
You need someone you can count on  
Someone you can trust  
Someone who is loving  
And your life you would entrust

It's not who you are  
It's who you know  
It's not where you've been  
It's where you'll go  
It's not how you look  
It's how you see  
It's not what you want  
It's what you need  
What you need is a friend

A victim or a villain  
Your life has been a mess  
Your past is full of sorrow  
You've had nothing but distress  
It don't matter if you're poor  
It don't matter if you're weak  
It don't matter if the years  
Have been hard on your physique  
There's someone you can go to  
Who can save you from your sins  
Jesus is your friend  
No matter where you've been

I am the way the truth the life  
And there's no other way to the Father except by Me

You don't need to be a cool boy  
You don't need to be his girl  
You don't need to be the winner  
You don't need to rule the world  
You need a friend  
who died for you  
A friend above us all  
A friend whose name is Jesus  
Who can catch you when you fall
