

Audio Karate, Ms. Foreign Friendly

with your rabid foamin teeth
you know what you're a freak
and you gotta a lot to say
so what's a matter with you
have you taken a look at the things that you can do
you never wanted to feel this good right?
you never wanted to leave

so what it's all a dream
and you watched me fall asleep
with hard work you'll fall on key
with medicine believe me i'll be goin
on a sweet vacation so i'll be away
what a way to leave that's right i was goin
for a sweet sensation
so i'll be away

i lost the wings that are my friends
we're overseas let's not forget
you are the waves that make me sink
i've drowned myself before
