

Audiolush, Take Me Away

I want you to take me

Baby

I know you're the one
I can see your eyes in the morning sun
Having known that, our love is true
I will be the one who will follow you
I can see it in your eyes
Can see it in your smile
Do you feel it too
I want you to take me

Into the night, you're taking me higher
Filling my soul with burning desire
Into the night I want you take me away
I want you take me
