

# Audioslave, Jewel Of The Summertime

When I was 18 I didn't know pain when the sun was high  
Burnt face, shadow's erased and I knew I'd be alright  
They tried to hurt me, uh-huh  
Somethin' blinded me, uh-huh  
That reminded me, uh-huh  
Of a better space and time, miles away

The jewel of the summertime  
Jewel of the summertime  
Jewel of the summer-time  
A jewel of the summertime  
A jewel of the summertime  
Jewel of the summer-time

When I turned 21 I saw the sun pulling out of sight  
All that I met were dark silhouette's stumbling in the night  
But we collided, uh-huh  
In a ?, uh-huh  
Got alot on me, uh-huh  
Now I'm bathing in the bright of divided rays

Jewel of the summertime  
Jewel of the summertime  
Jewel of the summer-time  
A jewel of the summertime  
Jewel of the summertime  
Jewel of the summer-time  
Time, time

I left that behind me, uh-huh  
But somethin' blinded me, uh-huh  
You reminded me, uh-huh  
Of a better space and time, miles away

Jewel of the summertime  
Jewel of the summertime  
A jewel of the summer-time  
A jewel of the summertime  
A jewel of the summertime  
A jewel of the summer-time  
A jewel of the summertime  
Jewel of the summertime  
A jewel of the summer-time  
Jewel of the summertime  
Jewel of the summertime
