

Audioslave, We Got The Whip

Audioslave - We Got The Whip

As on the single to Like A Stone (different to other versions)

Oooh

Oooh

Oooh

Oooh

Long days and nights you fought for truth

Gotta hand it to you

Uprising paid for in blood

Only to lose

We're gonna hang you up

You've got balls but

We got the whip

we got a better bomb

We got the whip

We got the whip

we got a better bomb

x2

Oooh

Oooh

Heartache and strife is all you've known

A slave since your youth

And only one life to bargain with

And ration is due

We're gonna string you up

You've got balls but

We got the whip

we got a better bomb

We got the whip

We got the whip

we got a better bomb

x2

Yeah

Fearlessness in the face of death

Pain with a smile

Braving the fight until the end

I know I will never be anything like you

We got the whip

we got a better bomb

We got the whip

We got the whip

we got a better bomb

x2
