

Audiovent, I Can't Breathe

You want to feel me
Can't defeat me at your game
You buy and sell me
Separate me from my name

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right

You come with something
But it's nothing that I need
You violate me
Have to break me to breathe

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right

You point your finger
I'll play that game
With you, with you
I just can't believe
Things we say

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right
