

# Audioweb, Yeah?

I don't mind if you kiss my ass  
And suck up to me if you want to  
I don't care if you kiss my ass  
And suck up to me if you want to  
I've got ..... that you want  
But you've got not to succeed  
Stop kissing me please  
Yeah (x12)  
I don't mind if you leave me dry  
And get me so high if you want to  
I don't care for your two faced smile  
And the way that my life seems to haunt you  
You've got nothing I want  
You've got nothing I need  
Stop touching me please  
Yeah (x12)  
I've got what you want  
What you've got not to succeed  
Stop touching me please  
???  
Yeah? (x12)  
Don't want you to touch me no more  
Don't want you to kiss me no more  
Don't want you to touch me no more  
Don't want you to kiss me no more  
Don't even love your smile  
Don't even love your smile  
Don't want you to touch me no more  
Don't even want you to kiss me no more  
Don't even love your smile
