Real, A Lie

Real, A Lie

So free and so far, so aroused

So alone I try to find the lie,

That lies beneath you, I try

Like a wave, I'm self-acclaimed

Real a lie, youre truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lie

Behind closed doors your folded blind,

You're truly mine, from behind

Closed doors you meet me,

Like a wave, I'm self-acclaimed

Real a lie, youre truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lie

Deep and so far, low down

Growing green, far above the waves

Got a lie, you and I

Wave, wave, wave
