

# Augustana, Feel Fine

I'm leaving today, so why don't you care...  
I am afraid...I am afraid...tonight...  
I'm running away tonight...tonight...I am..  
So far away, say what you say,  
I am afraid...I am afraid... tonight...  
I'm running away tonight...tonight...I am..

Throwing all my calls away, you don't need me, you don't need me...  
Drink at night and sleep all day, well I don't need you, I don't need you...  
I drove on every interstate, but you don't need me, you don't need me...  
Well anyways, ya anyways, it's over, over, over, over now...
