## Augustana, I'll stay

I'll forget you and your lips Half an hour and my heart stops beatin' Used to love the things you did I could want you but my heart is shattered Love is such a cruel game And it won't let you want to be the same Until you come down Dream me down And how does it feel, feel it down Wastin' your breath Just say the word And I'll stay I was once a man like you Half a day and then my love was faded I can put if you want to I can make your life a living hell Love is such a cruel game And it won't let you want to be the same Until you come down Dream me down And how does it feel, feel it down Wastin' your breath Just say the word And I'll stay I said love is such a cruel game And it won't let you want to be the same And it won't let you want to run away Until you come down Dream me down So turn around Just say the word Honey, no Say the word Don't let go Say the word And I'll stay I'll stay I'll stay
