

# Aura, Your Ignorant Ways

Your ignorant ways  
No place for darkness  
Hidden behind the holy wood  
True life, is what you deny !

Covered up stories  
To feed the &quot;undepraved&quot;;  
Creating conventions  
A way for us to live...

Your printed idols  
The holy destiny  
I will live my own life  
I'd rather be free

FREE !
