

Aurora Borealis, Searching

I am always
I am forever

Time I know not, death is not brought
Judge of all, my wrath shall fall

I am shapeless
I am deathless

Known by many names, never feel pain
Infinitely, existing

Where is the light, where is my god
Show me a light, show me my god

Searching for the ultimate reality
Looking for the father the deity
Knowing I am the giver of all life
Asking where is the one that gave me mine

Searching for the ultimate reality
Looking for the father the deity
Knowing I am the giver of all life
Asking where is the one that gave me mine

I am boundless
I am soulless

No end I shall see, all praise go to thee
For all eternity, I shall never see
