

Aurora, In This Room

Did you ever feel me? Did you ever taste me? Did you hear my cries?
They were thirsting They were bursting Through my darkest skies
No and you never gave a damn thing...but!
You tried to drain me You tried to break me You tried to kill me You f**king hated me
Could I ever burn? Burn and ever learn? When your venus wouldn't shine?
Shine and spreading wide Wide and bright So I could feel fine?
No and you never gave a damn thing...but!
You tried to drain me You tried to break me You tried to kill me You f**king hated me In this room...
