

# Aurora, Sadiam

when you feel like someone to rely on  
and you feel like someone

who kissed the snake  
ran away hid in the dark  
for someone you relied on  
who needed to run  
for the hidden gun  
in vain for the twisted one  
in someone  
then run

when everything is sad  
and you don't know  
whether you're alive or dead

cast the dies, burn the old wife,  
choose life
