

Auryn, Chances

(Happy song for Mom)

Hey lady, I want to thank you for being so honest
and genuine when we speak about feelings.

Now maybe we have more than we figured,
innocent thoughts that trigger romance,
I'll take my chances.

Here under these stars I feel waves crash.

Here inside my car Erica is unmasked.

Hey Baby, I want to thank you for seeing what is
honest and genuine in our mutual feelings.

Now maybe it's no more than we figured.

Isn't it hearts that trigger romance?

I'll take my chances.
