

Austin Lace, Wax

Wax and this leather
Could be together
Would be divine
But you know it's gonna get so silly
Wax and this leather
Should be together
Would be divine
But you know i'll soon join the army

Wax and this feathers
would suit me better
I play the fool but you know it's for the good of music

Let's kill some time let's kill some time
let's kill some time

Wax and this leather
Could be together
Would be divine
But you know i'll soon join the army
Wax and this leather
Should be together
Must be divine
But you know it's gonna get so silly

Let's kill some time let's kill some time
let's kill some time
