## Austin Mahone, Put It On Me (Ft. Sage The Gem

I don't wanna leave here without ya, I want you to know All night I've been thinking about ya, so if you ready to go Baby come on my way, I can tell by the look that's all on your face You want it too

But you can't around me, you don't know what you started You know what I need, a night alone with your body Put it on me, put it on me, put it on me Put it on me, put it on me, put it on me

Can't help myself, girl I wanna feel on it, back it up on me And you can tell how bad I want it, I wanna like you on me Baby come on my way, I can tell by the look that's all on your face You want me too

But you can't around me, you don't know what you started You know what I need, a night alone with your body Put it on me, put it on me, put it on me Put it on me, put it on me, put it on me

I feel like it's time already I feel like you made up your mind already Your ex feeding you lies, got you fed up Time to cross him out like the sign on Chevy Me and you in the Coupe, I feel like all leather I bring sand to the beach cause my sand better You ex tryna joke cause we pull up on floss Last time someone jump, I had Kris get Kross'ed Where I'm from, kinda scared to have it I be tryna get the number and forget I have it That's a shame, I don't wanna do the games You the one, I couldn't call you the main

But you can't around me, you don't know what you started You know what I need, a night alone with your body Put it on me, put it on me, put it on me Put it on me, put it on me, put it on me
