# Australian Idol, Dirty Girl (Millsy)

Girl you're buggin me
Sure enough you're always busy pushin me
Well you don't want to treat me like that
Waited patiently
Yet still your playin every game deceptively
This time girl the ice gonna crack

You take my trust and throw it away
Take the money I should've been paid
Makin fools of the both of us
Things getting dangerous
I don't wanna give no more

Chorus
I said u gotta,
Rip back, on your act, watch your back, I wanted you right.
Don't blame me gotta, take that, gonna attack, where you at, it's happenin tonight
I wanna be sure you're in the friend or safe, not always gonna leave
Cos I ain't gonna want somebody else's dirty girl on me, yeah

I won't ask you twice
How come all your friends deny your alibis
They ain't say where you been
Don't apologize
You rolled the dice and lost it girl, take my advice
Get out before I find you again

You take my trust and throw it away
Take the money I should've been paid
Makin fools of the both of us
Things getting dangerous
I don't wanna give no more

Chorus
I said u gotta,
Rip back, on your act, watch your back, I wanted u right.
Don't blame me gotta, take that, gonna attack, where you at, it's happenin tonight
I wanna be sure you're in the friend or safe not always gonna leave
Cos I ain't gonna want somebody else's dirty girl on me, yeah

Damn right I'm serious
You double crossed me and I've had enough of your lies, in my eyes
You ain't worth the dent in your bed, baby
Don't wanna make you fuss
Get yourself back baby don't discuss
You know you're, to blame for being this close to the edge

Chorus 3X
I said u gotta,
Rip back, on your act, watch your back, I wanted you right.
Don't blame me gotta, take that, gonna attack, where you at, it's happenin tonight
I wanna be sure you're in the friend or safe not always gonna leave
