

Austrian Death Machine, It's Not A Tumor

You did not understand
Let me rephrase the question
Your comments are killing me
Why won't you stop talking
Now from all this noise
From all this noise
I have a headache
You think it might be..
Might be a tumor
It's not a tumor
It's not a tumor
(x 2)

Stop talking
Stop talking
I does not matter
Who my daddy is
I was asking you the question
So just listen... listen...listen...
Listen to me!
It's not a tumor
It's not a tumor
It's not a tumor
(x 2)

Yeow!

My daddy is not a fireman
He is probably big
But he's not a wrestler, yeow
He is definitely not a basketball coach
But all these question give me a headache
Now
It's not a tumor
It's not a tumor
