After Murder Park
Buddha
Happy birthday buddha
Happy hunting, happy hiding, happy new year
I hope you get yourself together
I hope your absence is made clear

I first learned, their was a value
In a little subterfuge
From some old peeping tom
Or another woman's refuge
Came in contact with a svengali
He was housebound and unwell
Choked on a whale bone in a cantonese restaurant

His nervous system
Had broken down

9 singing buddhas
