

Autolux, Asleep At The Trigger

Look, you think I'm unglued
But I'm just studying you
fold up all over town
stereo-mindset sucking you down

you're dressed up
look what you've said
but left your insides at home
hit me with your smile again
hit me with your smile again

dissapear beneath the day
oh no its still the same
you make it hard to breathe
you make it hard to breathe

you miss everything that's in your way
you miss everything that's good for you
it kinda gets me down
it kinda gets me down
it kinda gets me down

look you think i'm unglued
but I'm still studying you
you fold up all over town
stereo-mindset sucking you down
