[Peter: intro]

Wooah oah

[Peter: 1 verse]

Behold how beautiful is the world

Sun and clouds you have in within reach

The sky is your balcony and ground like field of vision

[Peter: bridge]

So if you're happy due views of nature

To remember that life is adventure?

[Peter: chorus]

Beauty of nature is hidden nay

You don't perceived we live in a miracle

Must realise you don't live alone

For mother nature look after this the world

Acid rain sweepings how many is it?

Smog noise refuse that's going too far! How the world could be nasty after all

This is our everything
