

# Autovaughn, Everybody

Take my arm I'll be your guide and we will build this kingdom to the sky  
And if we don't start now, we'll never leave this town  
Dreams they come and dreams they go  
If it's the dream you want than make it so  
And it's the chance you take  
And it's your chance to break  
Let it be today

Everybody everybody jump back we believe you know that we should give it one last try  
We can say there's nothing on the outside waste away from inside  
Watch the moment pass on by  
We've been waiting far too long  
So many nights we've talked of moving on  
And if we don't start now we'll never leave this town.  
Let it be today

Everybody everybody jump back we believe you know that we should give it one last try  
We can say there's nothing on the outside waste away from inside  
Watch the moment pass on by
