

# Avalanches, The, Radio

Avalanches, The  
Since I Left You  
Radio

Johnny, johnny! open up  
Johnny, it's frank! open up  
Look you've been in there for three weeks  
Now come on, open up  
Johnny, johnny!  
Out of my way, i'm watching television  
Are you crazy? that's the test pattern  
I like it!

Well, there are two things to be done  
First of all, we put him in the hospital  
And withdraw all television, i see  
And then, we give him this... radio

Radio, radio, radio, radio, radio, radio ...

Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals

Two times you do, understand,  
Is it as good, understand  
Two times you do, understand,  
Is it as good, understand

Two times you do, understand,  
Is it as good, understand  
Two times you do, understand,  
Is it as good, understand ...

Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals  
Sending those signals, sending those signals, sending those signals, those digital signals

Oh, can't you hear it?  
Can't you hear it?
