

Avant, Break ya back

This is so amazing, got my heart racing.
The way it goes down, not afraid to say you can take charge.
Got my eyes in the back of my head while I'm seein stars.
It sounds like you're ready, girl. for daddy, girl.
An we don't have to prolong, in fact we can get a track
And do it to the sound of a handclap...
Let me handle that ooh just how you like it babe.
I can give you what you lack, don't take it in a negative way.
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
Stop... then we start again.
I can hear ya moanin.
And were not alone yes, I can see our shadows on the wall, movin gracefully.
There's people in the other room, but I don't really give a damn baby.
I've been really missin you and I am sick and tired of waitin
Forever, whenever baby, I am definately ready.
We can role play and make it a game.
Let me handle that ooh just how you like it baby.
I can give you what you lack, don't take it in a negative way.
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
Let me handle that ooh just how you like it baby.
I've been thinkin about it all day. (ooh)
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
Baby ring the alarm, we bout to get it on.
I'll do whatever it takes just to keep you satisfied.
You don't have to worry about a thing, cause were going all night.
Let me handle that ooh just how you like it baby.
I can give you what you lack, don't take it in a negative way.
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
Let me handle that ooh just how you like it baby.
I can give you what you lack, don't take it in a negative way.
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
Let me handle that ooh just how you like it baby.
I can give you what you lack, don't take it in a negative way.
Baby it's a fact, when we get up in the sack, I'm gonna break ya back in a good way.
