

Avant, Making Good Love

I'm doin this for all my ladies
I know your thinking yo this
sounds like a laullaby right?
but this is for you get into it
it's true.

I got your legs spread all over the bed
hands clenched in the sheets
hair wild as hell I know
the only thing on your mind is sex in me
girl I can feel your temperature rising
you should feel my nature too
come on its gonna be a bumpy ride
girl lets do what we can do.

Girl when we make love all night
when we make good love all night
when we make love all night
we really make love
girl when we make love all night
when we make good love all night
when we make love all night
we really make love(come to daddy baby)

On the balcony gripping the rails
slowly I'm pulling you near
sayin shhhh babe dont make to much noise
theres alot of people who live around here
emotions running high
my hands planted on your thighs
you feel me going up and down
and round and round and round

Girl when we make love all night
when we make good love all night
when we make love all night
we really make love
girl when we make love all night
when we make good love all night

when we make love all night
we really make love(come to daddy baby)

Girl your drive way in the back seat
windows tinted its getting deep
fog all over the glass
I dont know how long i can last
with you moaning crazy
girl keep on calling me
I'll take you to exctasy
and when im done you'll be fast asleep

Girl when we make love all night
when we make good love all night
when we make love all night
we really make love
girl when we make love all night
when we make good love all night
when we make love all night
we really make love(come to daddy baby)

The house in the boat and the jeep babe
in the tub in the pool or the beach babe

get your groove on (get your groove on) if you got a lady get
your
groove on. get your groove on

Repeat

Girl when we make love all night
when we make good love all night
when we make love all night
we really make love
girl when we make love all night
when we make good love all night
when we make love all night
we really make love(come to daddy baby)
