

# Avant, Material Things

Lights, cameras, stars, crowds, noise, after sets, cell phones, internet, vegas bets, private jets, limo  
None of this compares to what I see in you,  
Materials don't mean a thing to me,  
Girl you are the world to me,  
If I had to pick a favorite thing,  
It would easily be my baby,  
Materials don't mean a thing to me,  
If I lost you lady, and i'd go crazy  
And I wouldn't have anything  
Black cars, fly homes, condos with the chefs, personal assistants, corporate, real estate, yachts tha  
Girl, none of this compares to what I see in you,  
Materials don't mean a thing to me,  
Girl you are the world to me,  
If I had to pick a favorite thing,  
It would easily be my baby,  
Materials don't mean a thing to me,  
If I lost you lady, and i'd go crazy,  
And I wouldn't have anything  
Loving without you, you make me wealthy,  
i'm all about you, so special to me,  
I turned off the phone, spent time alone  
I don't want to be selfish,  
Girl, you're the one  
I put you above all the superficial things,  
Materials don't mean a thing to me,  
Girl you are the world to me,  
If I had to pick a favorite thing,  
It would easily be my baby,  
Materials don't mean a thing to me,  
If I lost you lady, and i'd go crazy,  
And I wouldn't have anything  
Materials don't mean a thing to me,  
Girl you are the world to me,  
If I had to pick a favorite thing,  
It would easily be my baby,  
Materials don't mean a thing to me,  
If I lost my lady, And I would not have anything
