

# Avant, Nothin In This World

Ooh, yeah, oooh, yeah

[keke]

I can picture us in the living room

by the mantle piece

And you're tellin' me, you're lovin me

With your hands on my thighs

While Im starin' in your brown eyes

And the expression on your face

Is tellin me you want more than a taste

So tonight we're goin all the way

We'll be lovin' til the break of day

[chorus:]

[keke]

There's nothin in this world i wouldnt do for you boy

I dont care what the others say now that i got you babe

[Avant]

No one can bring me joy like you girl

All the little things you do its all about you boo

[Avant]

I can picture us runnin in the rain

After a movie then we spark a flame

Oh I love when you scream my name

Goin 60 in a 30 lane

We pull over to the parking lot

in the park thats my favorite spot

Doin just bout anything

We'll be goin til the birds sing, okay..

[chorus]

[Avant]

i think its bout time that i make u mine

[keke]

What your sayin to me boy come on break it down

[avant]

to find another like u will be a lifetime

[keke]

i think i see the way you're going baby let it out let it out

[avant]

listen to me baby got somethin to say

[keke]

is it really wut i think dont take all day

[avant]

[keke]
