

Avantasia, Into the unknown

[Anna:]

Heading for another life
In a new world far away
Why not me, oh Lord
Why did Vandroiy have to die, why

[Gabriel:]

Dreamers come and go
But a dream's forever
Freedom for all minds
Let us go together
Neverending ways
Got to roam forever
Always carry on
Walking down a misty road into the unknown
Heavy winds may blow into our faces
You can't kill the dream in killing the dreamer
Can't tear it down
Always carry on

[Gabriel:]

Dreamers comes and go
But a dream's forever
Freedom for all minds
Let us go together
Neverending ways
Got to roam forever
Always carry on
I've seen dreamers come and go
