

# Avantasia, Symphony of Life

Tonight, tonight, tonight  
Heal me, heal me  
Yes in the darkness of the night  
I know there's someone near me  
I can't explain but it's all right  
As long as this won't leave me  
I give to you my sacrifice  
My virgin creed, my passion  
I'm torn in two but all my life, my life  
My life I'll wait for you  
To near me  
And reveal me  
Rush tonight  
We play the darkest of all symphonies  
And in a flash of light  
Then it'll all become the symphony of life  
Of life, my life  
Heal me  
And in the deepness of my dreams  
I know it's you that haunts me  
In blood I swear my purity  
And save my treasures for you  
I give to you my sacrifice  
And lay my burden down  
Am I deranged that all my life, my life  
My life I wait for you?  
To cease me  
And release me  
Rush tonight  
We play the darkest of all symphonies  
And in a flash of light  
Then it'll all become the symphony of life  
Of life, my life  
You haunt me, chase me like a beast  
And with a taste so bittersweet  
You love me, grieve me till I'm mad  
Now is the moment
