

Avenged Sevenfold, Natural Born Killer

One snap for the dying
One click to end the day
Another story with a mangled scene
It couldn't happen any other way
You wanna talk about it?
I'm begging you to walk in my shoes anytime
Watch the clock till you unwind
You wanna cry about it?
It's making me consider that I lost my mind
The way I see you must be blind
So this is the world you left behind
This is the guilt that consumes you
So die alone - this is the one thing that I won't do
So say your prayers - 'cause I ain't leaving here without you
Can't bribe me with money
Can't shower me with shame
Another killer from a broken home
Until you covered me with manic fame
You wanna know about it,
But I'ma be fuckin' with you every time
Story broke and you're behind
And when you ask about it
You can rest assured I'll give you my best side
Seems we all have friends to find
So this is the hate I've been born to
Full are the tales of the untrue
So die alone - this is the one thing that I won't do
So say your prayers - 'cause I ain't leaving here without you
And I'm waitin', waitin' for the days to slowly pass me by (and all the promises I'll find)
No hesitating, you pull the trigger and your story's left behind
I know you wanna see me fry, like my soul you won't survive
So die alone - this is the one thing that I won't do
So say your prayers - 'cause I ain't leaving here without you
To die unknown - would crush the fish lens we all see through
To kill the glare - expose the ugliness we hold true
