

# Aveo, Escape Artist Melody

oh, your pistol pack  
is bored and got you  
surrounded everyday

oh, your pistol pack  
the strain is on you  
to get up every day

but you said you thought  
you had a tag upon the wall  
where no one sees  
but you're only gonna be the one who'd recognize

"you haven't seen," you say  
just get it up  
just get it out  
oh, we can't see it's hard

how'd you like to get wasted  
don't follow in place again  
huh

you smile of crimes and how tall you are  
they tell you everyday  
you smile of crimes and how tall you are  
they tell you everyday

but you said you thought  
you had to steal from up above  
and you could stare in your  
legal two-tone heart

"you haven't seen," you say  
just get it up  
just get it out  
oh, we can't see it's hard

how'd you like to get wasted  
don't follow in place again  
how'd you like to get wasted  
don't follow in place again  
oh

the pistol pack  
is bored of you  
surrounded everyday

you smile of crimes  
and how far you are  
they tell you every day

but boredom is as boredom does  
don't you see  
don't you care that your brain is going  
all to mud?

everything you say  
just get it up  
just get it out  
oh, we can't it's hard

would you like to get wasted  
don't follow in place again

how'd you like to get wasted  
don't follow in place again  
(repeat)

would you like to get wasted  
don't follow in place again

oh
