

# Averman, Shark Week (If You Feel Like Making Love)

I feel like a liar, and my mind changes quicker than you do  
and I don't know what to say, and I don't know what to do.  
It's not that I wasn't sincere when I told you  
that what I said to you was from my heart.  
It's just that I can't put myself through Hell again,  
and to me this just isn't worth it.  
So I'm sorry that I led you to believe in me in the first place.  
Sometimes I bite off more than I can chew.  
And I know that it hurts, but you're fucking awesome.  
And I'm sure that you'll find someone cooler than me anyway.  
I left your necklace with a note in your mailbox  
I know it makes me a scum bag but I can't stand to see you cry.  
We both knew this was coming. It just hit me so hard.  
So I tried to back out to avoid a dramatic goodbye.  
This only has to be (goodbye) if you want it to be.  
The next time that me and my best friends are in your city,  
I'll bring along that apology that I left out before.  
I watched you walk out of that door and I didn't say a thing.  
'Cause "I don't fucking care! No I don't fucking care!"
