

# Aviation, Freedom

Come with me i'll show you things  
You won;t believe you won;t believe  
Here I stand in the devil's eyes  
He's taken me i'm crucified  
Freedom Freedom thats what I need  
Freedom Freedom come and set me free

Come with me you won't believe  
The agony and the irony  
Here I stand as the world turns  
My spirits still my body burns

I can't survive I can't survive
