## Avicii, The Nights

Hey, once upon a younger year When all our shadows disappeared The animals inside came out to play Hey, We're face to face with all our fears Learned our lessons through the tears Made memories we knew would never fade

One day my father he told me Son, don't let it slip away He took me in his arms, I heard him say

When you get older Your wild life will live for younger days Think of me if ever you're afraid

He said, one day you'll leave this world behind So live a life you will remember My father told me when I was just a child These are the nights that never die My father told me

When thunder clouds start pouring down Light a fire they can't put out Carve their name into those shinning stars He said go venture far beyond these shores Don't forsake this life of yours I'll guide you home no matter where you are

One day my father he told me Son, don't let it slip away When I was just a kid, I heard him say

When you get older Your wild life will live for younger days Think of me if ever you're afraid

He said, one day you'll leave this world behind So live a life you will remember My father told me when I was just a child These are the nights that never die My father told me

These are the night that never die My father told me Hey, hey
