

# Avril Lavigne, Alone

Hey man.  
Tell me what were you thinking  
What the hell were you saying?  
Oh come on now,  
Stop! And think about it.  
Hey now,  
maybe you should just listen,  
maybe you should stop talking for a second.  
Shut up, listen to me.

You're so obvious,  
you're so oblivious,  
and now you wonder why,  
you're the one alone.  
So don't apologize,  
you don't even realize,  
you screwed it up this time  
now you're the one alone

Hey bro,  
I'm just tryin' to let you know,  
you really think that you're special,  
oh come on now,  
I've seen so much better,  
hey there,  
did you actually think that I cared?

Don't know if you want to go there,  
oh come on now,  
keep on, keep on dreaming.

You're so obvious,  
you're so oblivious,  
and now you wonder why,  
you're the one alone.  
So don't apologize,  
you don't even realize,  
you screwed it up this time  
now you're the one alone

If you,  
want to,  
be my,  
you know,  
you can't,  
play games,  
and you know what I mean,  
sorry,  
but you don't,  
get my,  
my-y-y-y,  
I'm gone,  
you're still,  
dreaming,  
about me,  
over and over and over and over and over again.

You're so obvious,  
you're so oblivious,  
and now you wonder why,  
you're the one alone.  
So don't apologize,  
you don't even realize,  
you screwed it up this time

now you're the one alone

You're so obvious,  
you're so oblivious,  
and now you wonder why,  
you're the one alone.  
So don't apologize,  
you don't even realize,  
you screwed it up this time  
now you're the one alone

Alone.
