

# Avril Lavigne, Falling Down

I woke up and saw the sun today  
You came by without a warning  
You put a smile on my face  
I want that for every morning

What is it I'm feeling?  
'Cause I can't let it go  
If seeing is believing  
Then I already know

I'm falling fast  
I hope this lasts  
I'm falling hard for you  
I say "let's take a chance"  
Take it while we can  
I know you feel it too

I'm falling fast  
I'm falling fast

It doesn't matter what we do  
You make everything seem brighter  
I never knew I needed you  
Like a sad song needs a sea of lighters

What is it I'm feeling?  
'Cause I can't let it go  
If seeing is believing  
I already know

I'm falling fast  
I hope this lasts  
'Cause I'm falling hard for you  
I say "let's take a chance"  
Take it while we can  
'Cause I know you feel it too

I'm falling fast  
I'm falling fast

I hope you know  
I hope it lasts  
I'm falling hard, I'm falling fast  
We can go, no holding back

I hope you know  
I hope it lasts  
I'm falling hard, I'm falling fast  
We can go, no holding back

I'm falling fast  
I hope this lasts  
I'm falling hard for you  
I say "let's take a chance"  
Take it while we can  
I know you feel it too

I'm falling fast  
I'm falling fast
