

Avril Lavigne, Halleluyah

We sat by the fire
United in song
Under the moonlight
All night long
We sang 'Halleluyah'
For the joy of it all
And out on the water
A caroling moon
Sings just a sweet
Heavenly tune
Theres peace in Gods forest
The temple of life
[CHORUS]
Halleluyah
Halleluyah
We looked to the sky
Deep into heaven's eyes
Halleluyah
And back in the city
I'm losing control
I need a place
To ease my soul
There's peace in God's temple
The temple of life
[CHORUS]
Halleluyah
Halleluyah
We looked to the sky
Deep into heaven's eyes
Halleluyah
Halleluyah
Halleluyah
We looked to the sky
Deep into heaven's eyes
Halleluyah
Halleluyah
Halleluyah
We looked to the sky
Deep into heaven's eyes
Halleluyah
Thank you jesus
we praise your name
thank you lord
Halleluyah
