

Avril Lavigne, I'D Play The Fool

My words for you
It's just another way to say
My tears for you
It's just a way to make you stay
With all I am
I would be nothing without you
With all I'll be
I would be left with all my blues
Chorus

I gave you my love
I can't believe you turned away
I gave you all my heart
With all my love you wouldn't stay
I would play the fool
With no more pride I beg of you
And so I beg of you I'd play the fool
I live for you
I can't go on without you here
I breathe for you
With every breath I want you near
Oh won't you say
You love me like you did before
Oh won't you stay
And never leave me anymore
Chorus

(Talking)
Baby I don't want to lose you
I'd give up everything just to be with you
I'd even play the fool
