

# Avril Lavigne, Temple Of Life

We sat by the fire  
United in song  
Under the moonlight  
All night long

We sang 'Halleluyah'  
For the joy of it all

And out on the water  
A caroling loon  
Sings us a sweet  
Heavenly tune

There's peace in Gods forest  
The temple of life

[Chorus:]  
Halleluyah  
Halleluyah  
We looked to the sky  
Deep into heaven's eyes  
Halleluyah

And back in the city  
I'm losing control  
I need a place  
To ease my soul

There's peace in God's temple  
The temple of life

[Chorus:]  
Halleluyah  
Halleluyah  
We looked to the sky  
Deep into heaven's eyes  
Halleluyah

Halleluyah  
Halleluyah  
We looked to the sky  
Deep into heaven's eyes  
Halleluyah

Halleluyah  
Halleluyah  
We looked to the sky  
Deep into heaven's eyes  
Halleluyah

Thank you Jesus  
We praise your name  
thank you Lord  
Halleluyah

[Chorus (to fade)]
